REPUBLICANS WANT A COUNTY CHAIRMAN

Incumbent Issues Call for Convention to Elect Successor

ONLY A FIGUERHEAD

Popular Vote at Primaries Makes Duties Only Perfuntory

For the purpose of reorganization and to adopt a platform for the county campaign, the Republican county committee will meet in Washington, Monday, October 2.

Chairman J. FrankMcClay and Secretary O. M. Henderson have prepared a call for a special meeting of the committee which under t.e rules require 10 days notice, and the letters are being sent out. The meeting will be held in the public room of the court house and owing to the interest in the county fight it will probably be the best attended session in many years.

A chairman, secretary and treasurer are to be chosen. Secretary Henderson tendered his resignation some time ago, when it was thought that a meeting might be held soon Chairman McClay will probably not be a candidate for re-election, as he does not feel like undertaking the strenouous work of conducting a five weeks' campaign under the new law. Treasurerer Lockhart has not yet announced whether or not he will be a candidate for re-election.

Before the adoption of the uniform primary law the county chairman and the organization were the whole thing. The candidates were chosen at the county organization for the express purpose of ratifying the slate selected by the political family which dictated the politics of the county. Although a so-called primary was held for the ostensible purpose of electing delegates, it was a mere farce, as those who attended were the ones who received orders from the organization at the county seat, and the handful that voted were counted the same as the whole vote at the last general election. Sometimes less than a dozen turned out at the primary and voted for the slated delegates to the county convention who were to nominate the candidates for county office, yet if 300 votes had been cast in this precinct at the last general election, the vote of the half dozen faithful was credited as 300 in the election of the slated delegates chosen to do the bidding of the dictators at the caunty seat.

With this system in vogue it was easy to control the nominations and this once done party loyalty and organization usually did the rest. Now things are different. The county chairman is a mere figure head, and so far, unless he should make a big personal effort to advance the party interests and enthuse the voters—which none of them have ever done since the primary law went into effect—his efforts are nil. This was manifested at the last general election, where the plan of campaign as conducted by the old regime was followed—that of sending out a few let-

No Games On Sabbath

Sunday Baseball Bring Donora Altogether Too Much Notoriety

Donora will have no more Sunday games if all reports be true. The recent scrap has so aroused the good people of that town that they have risen in arms against this unwarranted and uncalled for desecration of the Sabbath day. The people have at last come to realize that Donora is getting little out of the games except notoriety, and letters of protest are pouring in to the authorities of Washington county by the hundred.

Acting on the situation, the owners of the park held a meeting recently and decided to forbid any more Sunday games being played.

The rumor that an attempt would be made to play Sunday ball in Monessen, commencing with next Sunday is unfounded, or at least no definite information could be obtained as to the promoters.

SHERIFF REFUND?

Westmoreland Official Surcharged With Big Amount

FEE FOR SIDE ISSUE

The case of Sheriff J. E. Shields of Westmoreland county in which he is surcharged by the Controller with $42,000 as a result of an alleged private contract with coal companies during the big strike, has been concluded before Judge McConnell at Greensburg. Shields claims the money was extracted from the coal companies for furnishing deputies which was entirely aside from his official duties as sheriff, while Controller Hitchman maintains that the salary of $6,500 a year is all the compensation due the high official.

In the conclusion of the case Attorney C. C. Crowell in argument before the court, maintained that if Shields had not driven a thirty bargain and had gone into debt by handling those deputies, the county would not have paid the expenses incurred by him. But with Shields having made the profit Mr. Crowell declared that though the county holds the sheriff's actions as illegal ones and is unwilling to ratify those acts, it is willing to take the profits of the illegal work. He questioned that disposition on the part of the county.

Attorney Edward E. Robbins followed with an argument in behalf of Shields. He dwelt mainly on the contention that the special contracts with the companies were the only method in the case where Shields appointed the special deputies. Both Mr. Crowell and Mr. Robbins referred to cases held to be similar to the one in court.

Attorneys James S. Beacon and Denna C. Ogden then argued the points advanced by the county.

LOVER IS FAITHLESS; GIRL DRINKS ACID

Unrequited Love Prompts Domestic Who Formerly Lived in Charleroi to Take Her Life At Home In Pittsburg

Disappointed in love, Fannie Dohmoh, 25 years old, who lived in Charleroi a short time after arriving from the old country, a domestic employed at the home of Marcus Aaron, 372 Winebiddle avenue, Pittsburg, drank carbolic acid at 11:30 o'clock Thursday and died a half hour later. The girl complained of being ill in the morning and several times Mrs. Aaron had gone to her room. On going to the room at 1:30 o'clock, Mrs. Aaron detected the odor of carbolic acid and then found the girl writhing in agony on her bed.

Dr. A. J. Hesser was summoned and worked with the girl for some time. He called an ambulance from the St. Francis hospital, but before it arrived the girl was dead. The girl had been in this country for two years and for a year and a half had been employed in the Aaron home. She is said to be a relative of Mrs. Freeda Kiser of 816 Fallowfield avenue with whom she lived while in Charleroi

According to statements made at the Aaron home the girl had been in love with a young man who recently married another woman. Since then she is said to have grieved considerably.

CONGREGATION TEN YEARS OLD

Lutherans to Observe Anniversary With Special Services Sunday

The celebration of the tenth anniversary of the organization of the Christ Lutheran church of Charleroi will be held on Sunday, September 24. On September 22, 1901, 31 individuals banded themselves together and thus became the charter members in the organization. Since that time there have been more than 300 persons united with this church and a grand total of over $25,000 contributed. During this time there have been but two pastors. Within the ten years 200 children have been baptised, 65 funeraly conducted and 35 marriages solemnized. When the organization was effected there was not one dollar to their credit as a church; now they are the happy possessors of one of the best church buildings in the community, including a parsonage, the estimated value of church property being $42,000. This has indeed been a wonderful work.

The celebration of the organization will be held at the 11 o'clock hour of service. At this time a detailed account of the work during the ten years will be given, besides special music by the choir. There will be letters of greetings from those who had a prominent part in the formative work of the church.

At the evening service at 7:30 o'clock, will be a service of Story and Song entitled "Where Love is, there God is Also," written by the late Count Tolstoi of Russia. It will prove of unusual interest to all who will be present. The public wil be made welcome at all the services of the day, and all are most cordially invited to be present.

HEBREWS OBSERVE NEW YEAR'S DAY

The Jewish New Year, Rosh Hashanan, which begins this evening at sunset, will be religiously observed by the Hebrews of this community in Bank of Charleroi Hall where solemn services will be conducted this evening, tomorrow and Sunday mornings, for while the New Year's day ends tomorrow evening, by most of the Hefrews Sunday is observed as "second day." The services here will be conducted by Rev. Jacob Hirsch of Jerusalem and Rev. Rubenstein of Pittsburg.

Important Announcement.

This is to inform our patrons and the public of Charleroi and vicinity that the Monessen Laundry company being no longer our agents, have no further right to solicit work in our name. They will misrepresent themselves in doing so As our wagon will solicit, collect and deliver all work, it will be sent to us direct and will enable us to render more prompt and efficient service than ever before. Be sure that you send your work to FOOTER'S—America's Greatest Cleaners and Dyers. Wagon will be here every Thursday.

ONE HIGH SCHOOL TEACHER ELECTED

Borough Board Defers Further Selection Until Next Meeting

At an adjourned meeting of the borough school board last evening a contract for furnishing electric motors for the Ninth street school building to take the place of the gas engine were awarded to the Charleroi Foundry and Machine company. Paul T. Landis was elected a High School teacher, but the selection of the other High School teacher, as well as a janitor for the Ninth street school building, was held over until the next meeting. Dr. T. M. Faddis was in the chair, the other directors present being J. M. Hill, Chas. Wallgren and G. B. Neelan. Ira L. Nickeson and D. H. Glunt were absent.

COAL CENTER MAN HELD FOR COURT

Ralph Woodring, who shot and seriously wounded Charles Giffin Wednesday evening at Coal Centre was held for court pending developments in the shooting which has caused a decided sensation . Giffin's condition is practically the same.

The attending physician announces that he stands a good chance for recovery if blood poisoning does not develop and the bullet did not puncture his left lung. The leaden missile was located lodged against a rib. The condition of the young man, however, is such that it cannot be removed for several days.

WILL SHOW HOW TO DESTROY PESTS

Owing to the sudden illness of Cyrus T. Fox, inspector and demonstrator for the Division of Zoology, of the State Department of Agriculture, the public Model Orchard meetings advertised to be held on the premises of Henry Mesta, Finleyvile, and J. W. Cleaver, Beallsville, on the 19th and 20th of this month respectively, have been postponed one week. These meetings will therefore b held as follows: Henry Mesta, Finleyville, Tuesday, September 26. J. W. Cleaver, Beallsville, Wednesday, September 27.

HEAVY DOWN-POUR DELUGES STREETS

Seething Rivulets Block Sewers and Flood Basements

INCONVENIENCE MANY

Street Force and Individuals Busy Today Clearing Away Flotsam

What might have been termed a gentle autumn shower elsewhere, proved to be a vertiable deluge in Charleroi last evening, between the hours of 6 and 7 o'clock. So hard and continuous was the downpour while it lasted, that the sewers were entirely inadequate for their requirements The intakes were flooded on the level as well as on the hill, and as a result all the streets for a time were seething rivulets ankle deep in most places.

While no serious damage resulted much inconvenience and annoyance was experienced in all parts of town Cellars ond basements were flooded and business in some instances had to be temporarily suspended. This was caused either by sewers backing up and overfflowing, or by water running in from the streets and alleys. Wagon loads of mud were washed down from the unpaved hill streets and the dwellers below realized more fully than ever before the advantages of having all the hill streets paved, which of course is the ultimate object of the borough.

On Meadow avenue, where sewer connections are not of the best to provide for emergencies like this, practically all cellars were flooded. For some time citizens have been making a kick on the inadequacy of sewer facilities, and this morning a number of angry citizens were callers at the borough building to register complaints. St. Jerome's church at the corner of Seventh and Fallowfield, which is in reality the finished basement of their proposed new structure, was flooded with three or four inches of water, as well as the press-room of the Mail building on Fifth street and the basement of J. W. Berryman & Son's department store on Fifth and McKean. Several of the barber shops in basements about town were also flooded and had to suspend business.

As a matter of course the street car lines were tied up with washouts and blocked by debris washing down on the tracks. Traffic was interrupted for some time until the tracks could be cleared. All the down town streets were covered with mud and debris, and today Street Commissioner Hormell and his men are busy clearing it away and opening up the intakes of sewers which were clogged with mud and other flotsam.

Fainted on the Street.

Stephen O'Hearne, a well known glass worker at the Imperial factory, was seized with a fainting fit yesterday afternoon while sitting on one of the benches near the corner of McKean avenue and Fifth street, where he collapsed and fell to the ground. Dr. J. Clive Enos was called and the man was restored to consciousness.

To Fix Up Old Pike

Improved Highway Will Be Made to W. Va. State Line

State Highway Commissioner E. M. Bigelow, with his assistant engineer, O. K. Taylor, and nephew, Albert Schultz of Pittsburg, paid his first visit to the western end of the National Pike Thursday. After his auto trip to the West Virginia State line he said that he would do all in his power to have the road improved immediately.

Engineers will be at work, and if at all practicable contracts wil be let this fall for 12 miles of improvements extending from the West Virginia State line to the present end of the improved road five miles west of Washington. This end of the pike practically had become impassable, and was probably the worst section in the State.

TWO ARE DROWNED

Foreigners Rock Boat on River With Usual Results

RESCUERS SAVE TWO

The capsizing of a skiff in the river at Monongahela yesterday afternoon about 4:30 o'clock resulted in the drowning of Steve Sweat and George Hagish. Frank Gowach and Joe Vaidal were saved from death through the heroic efforts of Guy Markell and Bert Boyd The bodies of the two men have not been found.

The four men are all foreign miners until recently in the employ of the Jamison Coal company, of near Greensburg. They arrived at Monongahela in the afternoon enroute to Marianna where they were to go to work. Missing the late train to Marianna they journeyed to the river and hired a skiff. All were said to be under the influence of liquor

As they rowed in to midstream, they began to rock the boat. The river is unusually high at present and a swell in the current caught the skiff overturning it. All were plunged into the water but in their drunken condition they were unable to battle for life with any success.

Guy Markell and Bert Boyd were standing on the bank at Second street when the skiff capsized. They immediately launched a gasoline boat and started to help the struggling men. Sweat and Hagish sank beneath the waters just as the rescurers arrived. Gowach and Vaidal were able to keep above and were pulled into the boat by Markell and Boyd.

OPPORTUNITY KNOCKS

At a recent meeting of Charleroi business men a discussion was held as to what industries and occupations could be encouraged to locate or operate either in the town or on the outskirts, in order to afford employment and produce needful things for the community. Gardening and fruit raising were discussed and the discussion brought forth the intelligence that much of the fruit that is produced in this section is defective and inferior in quality. The question naturally arose, could it be improvet, and how?

This question is, in a measure answered by an item appearing elsewhere in our news columns. By reference to the same it will be seen that orchard demonstrations will be held by the experts of the State Agricultural Department to show the farmers how to get rid of the pests that infest their orchards and make their fruit inferior. These demonstrationh are practical and efficient, and can be attended with profit by any one. More than that the department at Harrisburg stands ready and willing at all times to give information to assist all fruit growers in improving their products. This is free, and will solve the problem if put into practice. There is no better fruit growing State than Pennsylvania if only the farmers will take advantage of the opportunities that await them.

RECIPROCRITY FAILS

It takes two to make a bargain, and the plan for reciprocity in trade and commerce with our neighbor, Canada, has failed by a rejection of the proposition by a majority of the electors at the polls. After so many years of education and effort on the part of the people of the United States to get the public to adopt the project as a business proposition instead of a political issue, the whole scheme fails because the Canadians reject it just when the American people have been brought to see its advantages.

This adverse decision of the Canadian electors is to be regretted. Freer and wider trade with a nation of the same lineage and habits as ourself could not help but be beneficial to both nations. The Canadians like ourselves for many years past, took the narrow selfish view of the matter, and because many individuals though their immediate interests might be injured made a political issue of it and raised the cry that the United States wanted to annex Canada. The issue of reciprocity in trade with Canada is a large and more important one than the average citizen imagines, and the general advancement and prosperity of both countries is retarded by the rejection of the plan by the Canadian people.

PICKED UP IN PASSING

Speaking of colleges and their bequets and endowments, brought up by some reference to W. and J. College at the county seat, and a recent visitor to Charleroi said:

"Do you know that Girard College, an institution for orphan boys in Philadelphia, is the most richly endowed college in the world? The trustees have so much money derived from the estate which the college owns that they cannot spend it. The college was endowed by the late Stephen Girard, an eccentric Philadelphia merchant, who was a multi-millionaire at an early day. One of the stipulations he made in endowing the college was never to permit a clergyman inside the walls. Consequently if a visitor shows evidence of belonging to the cloth he is politely told he cannot enter.

"I remember on one occasion when I was taking some friends through the college a clerical looking young man applied for admission. He wore a long frock coat and a white tie, and his whole being betokened that of a divinity student.

"'I guess you can't pass here,' said the doorkeeper, sizing the young man up.

"'The h—— I can't!' exclaimed the young man.

"'Pass right along,' said the doorkeeper without any further parley."

"The law in Belgium concerning idle industrial plants is not a bad one after all," said Charles Feste, as he stood talking to a group of men at the railroad station the other day, when the possibility of the Plate Glass factory resuming was the topic of conversation. "In Belgium the government won't permit a plant to shut down just to curtail production, or on account of dull times. Of course it can close for repairs or to remodel, but not for an indefinite time. If it does that the government will confiscate it, and then will probably turn it over to some one who will operate it. The theory is that the opportunity exists for the industry, and that if the original owner can't make a go of it some one else can, and the government undertakes to regulate that part of it by taking the plant over and seeing that it is operated. In that way there is not so much idleness or waste in production as in this country."

Another member of the group remarked that the Pittsburg Plate Glass company some time ago purchased a plant in Belgium, and on one occasion an official said that the plant was worth all it cost even if it never made them any profit, for the example it afforded in the cheapness of production.

Want to Include Charleroi.

An effort is being made to have Charleroi put in a basketball team in what is called the Central League now in the process of formation. The teams that have already agreed to join are Southside, Uniontown, Connellsville and Greensburg. Six teams are desired to complete the cirucuit.

Bridge Contractors Busy.

The contractors who will buiid the new bridge across Maple Creek at the end of McKean avenue at the southern borough line are preparing to begin the work at an early date. A couple of hoisting engines and a quantity of derrick timbers have already been shipped to the spot.

To the Voter.

It is to these people that I make an appeal for the nomination for Treasurer and not to the men who want to gain something "politically," out of it. I have not sought the backing of this or that faction which hopes to control political affairs, or of any man or set of men, who are seeking to gain advantage by a selection to this office. I have gone direct to the voters, to the men who without political influence, or without any deals to make or inducements to offer, vote their honest convictions. I have made a straightforward appeal on my merits and qualifications for this office. BNSINESS IS BUSINESS.

I am, Respectfully Yours,

Suddenly, as the night owl snored above them, his overflowing soul flowed over.

"Muriel," he exclaimed, waking the night owl from its slumbers, "I cannot understand what you see in me to love!"

The night owl hooted in disgust, and went to sleep again. Even Muriel, as her soft eyes dwelt upon the planet Venus, looked a little disappointed. But she knew he was too earnest to be fishing for a compliment, and she pressed his hand as she dreamily replied:

"Dear Artie! That's what they all say."

C. S. RITCHIE

North Franklin Township

Primaries September 30, 1911. According to Rules of the Republican Party.

A few reasons why! Charles S. Ritchie should be nominated and elected Treasurer of Washington County.

1st. He promises if elected to conduct the office in a strictly business like manner and to be governed according to the laws of the State of Pennsylvania regulating the duties of County Treasurer.

2nd. He has thoroughly qualified himself as to ability and fitness by his work as Deputy Controller in producing and installing a system of bookkeeping in the County Controller's office, by which the taxpayers can learn every day all about the fiscal affairs of Washington County.

3rd. He is not a slated candidate but a candidate of the people and not a slate maker but a slate breaker. Vote for him.

ADDITION BUILT TO LAUNDRY

Monessen Company Adds Cleaning and Dyeing Department to Their Establishment at Great Expense

THEY ARE PROGRESSIVE

Now Rank Among the Leading Establishments of America, Employing 75 People and a Payroll of $2.000

EXPECT GOOD RESULTS FROM NEW SYSTEM

The Monessen Laundry and Cleaning Company this week opened for operation their new dyeing and cleaning establishment which ajoins their laundry building on Donner avenue. In the addition of this new and modern plant Monessen industry has made a distinctive gain, as there has become a great field for this class of work, which has previously been going out of the valley.

The plant is one of the finest in the United States, and is on a larger and more modern scale, than any other of its kind in Pennsylvania. The system is an entirely new one, representing an outlay of several thousand dollars. The company will be able to turn out work of the highest class and with the highest degree of promptness. There is no dyeing and cleaning company in America better fitted for the work than the one located in Monessen.

The new plant gives a floor space of 8800 feet. It is of solid brick and was built by the Motz Lumber company. There are certain sanitary conditions which are important to a cleaning establishment and these the company has secured at a very great expense. Messers. W. J. and W. S. Merritt have each spent considerable time viewing plants and visiting manufactories of cleaning machinery in their determination to secure the best and they have succeeded so well that the Monessen plant now ranks with the best in the world.

With the addition of this plant the Monessen Laundry and Cleaning company begins to rank with the establishments whose pay rolls means something to the comunity Employing twenty-five men and fifty girls its monthly disbursement of wages amounts to $2,000. The business was started six years ago and has perhaps had a more rapid development than any in Monessen. The company has fifty agencies, and is rapidly adding more. The officers of the company are as follows: W. S. Merritt, president, W. J. Merritt, secretary and treasurer; Mrs. G. A. Crotty, superintendent.

THING HE CAN'T DO WITHOUT

His Regular Sleep, and This He Finds He Must Have at His Regular Hours.

"One thing that I find I must have," said a man of mature years, "is sleep, and in order to keep fit and able to work I must not only have my full amount of sleep, but I must have it in my regular sleeping hours.

"When I was a youngster I could go without sleep, or I could take an hour or two at any time of the night and get up the next morning and go at it fresh as a daisy, but it isn't so now. If I cut off an hour or two's sleep now I am dull next day. Not until the next day after that, after a full night's sleep, do I come back all right [illegible] even after my full numbers of sleep, if these have been begun an hour or two later than usual, with the sleep continued later, I don't feel chipper; I must have my full sleep in my regular hours I account for this on the supposition that I now have strength enough to keep me going through the day in good shape, just so long and no longer; if I work or sit up later I overtax my strength and so make myself correspondingly overtired; and to recover from this I must come back to my accustomed ways of living."

Great Writer Not Fond of Music.

Dr. Johnson was among those who had no high opinion of music. He admitted that "if he had learnt musick he should have been afraid he would have done nothing else but play," but explained that "it was a method of employing th mind without the labor of thinking at all and with some applause for a man's self." He also confessed that "he knew a drum from a trumpet and a bagpipe from a guitar which was about the extent of his knowledge of musick."

REPUBLICANS WANT A COUNTY CHAIRMAN

(Continued from page one.)

ters and making inquiries—with a result that Governor Tener lost the county by over 600 plurality. It is generally believed in Charleroi and along the river district that this was wholly unnecessary and due entirely to lack of effort on the part of the county organization.

The election a new chairman is merely a matter of form, unless some one is chosen who can inject some personal magnetism into the campaign, and arouse the voters to a sense of party loyalty for future State and National issues. As it is each candidate has had to make his own organization in the county, which is a most expensive proposition and the successful ones will therefore not likely become a "cheerful giver" when called upon to contribute to the maintainance of a county chairman and headquarters. As a matter of fact a chairman cuts no figure in the party contest at the primary, and therefore his services, as well as that of a county convention, are merely matters of form. The voters have the whole say, and political dictation to any extent is now practically impossible.

GRIPS AS MUSCLE BUILDERS

Traveling Salesman Seems to Have Idea Which Might Really Be Called a Good One.

After dinner they were discussing athletics, and each had his favorite method of reducing or building up. The traveling salesman proudly called attention to a remarkable development of biceps which swelled up beneath his coat sleeve.

"Very good, indeed," said the professor, testing with his fingers. "How do you accomplish it?"

"My method is extremely simple and takes no time away from my work. In fact, it is a result. These muscles have been developed by carrying heavily loaded 'grips,' as we usually call our big handbags on the road. I always carry two, loaded as nearly alike as possible, so I shall not grow one-sided I began with only one grip, and swung it from one hand to the other, as fatigue impelled, but I found that it is actually easier to carry two than one. I am perfectly balanced with two, and I assure you I need no extra gym work for strengthening my arms, shoulders or back. I almost could carry a piano in each hand if the instruments were not so cumbersome."

Announced His Intention.

"And why do you claim that it was with malice aforesaid that the automobilist defendant ran down the complainant?' 'On the morning it happened, your honor, I heard him say that he was going to take out his new auto and see if he could not run across a few people he knew."—Houston Post.

Consumption Often Develops From Pneumonia

Consumption readily attacks those who have had Pneumonia Many sufferers from Tuberculosis give a history of having had Pneumonia The lungs thus weakened are more easily attacked by the germs that cause Consumption

For all those with "weak lungs," especially those who have had Pneumonia, Eckman's Alterative is the appropriate remedy. Cures of Consumption are accomplished by Eckman's Alterative. But take it in time. There is no wisdom in waiting until Tuberculosis is established Health is never fully valued until sickness comes. A remarkable recovery follows: 336 N. 41st St., Phila., Pa.

"Gentlemen: I wish I had known of Eckman's Alterative two years ago Since taking it, following a bad attack of Pneumonia, I have gained twenty-eight pounds, and I cannot but be very thankful to you and the Almighty God for the great blessing and change of health it has brought me."

COUNCIL TABLES ORDINANCES

Nortn Charleroi Body to Confer Further on Subject

The North Charleroi council met in adjourned session Wednesday evening with President Schafer in the chair. The other members present were Messrs. Woodward, Rockwell, Nebuling and Gaskill.

One of the first matters taken up was the Lincoln avenue ordinance presented by the Pittsburg Railway company. After some discussion it was tabled until the next regular meeting. The clerk was instructed to publish the ordinance regulating the opening of and making excavations in any of the avenues or paved streets in the borough.

A petition for paving Fourth street was presented by property owners, but was held over until the next regular meeting for investigation. A motion was passed to purchase a carload of 12-inch sewer pipe for making improvements, and bills to the amount of $120 were ordered paid.

IN SOCIAL CIRCLES

Yesterday the spacious home of Mr. and Mrs. Edmund Brown was thrown open to entertain the friends of their daughter, Miss Laura, who together with her parents, will leave next month for their new home at Toledo, Ohio. About 100 ladies were there, some to play bridge whist, others to engage in a social chat and ply their needles at fancy work, and all to enjoy for the last time the cordial hospitality which for 12 years has been dispensed from the Brown home.

Tables were arranged for card playing in the drawing room, library and dining room. All the pretty details in beautifying the rooms were carried out. The flowers were typical of the autumn, and quantities of golden rod, black-eyed susans and wild astors were used. Huge bouquets of hyderanges, potted plants, ferns and palms were added to the attractive floral scheme. The color scheme of yellow and white was carried out in the daintiest of refreshments, including ices, cakes and confections, which were served by Luther, the Pittsburg caterer, and a corps of trained assistants.

In the drawing room the receiving party formed to receive the guests as they arrived. The hostess was assisted by her mother, her sisters Mrs J. Clive Enos and Mrs. W. D. Clevenger and the mother of the latter's husband, Mrs. E. B. Clevenger, who was here from Wilkinsburg to meet the friends of her new daughter-in-law. Beautiful trophies were awarded Mrs. Ida Chandler, Mrs. C. W. Weltner and Mrs. George W. Might for attaining the highest score.

Among the guests from out of town were Mrs. Ida Chandler, Miss Minerva Thomas, Mrs. W. H. Schuyler of Pittsburg; Mrs. A. H. Chandler of Ford City; Mrs. Hough of Masterville; Mrs Harris of Donora; Mrs. C. L. Schuck and Mrs. S. K. Long of Monessen; Mrs. H. C. Daly of Gibsonton; Mrs. Herron, Miss Herron, Miss Wilson, Miss Hazzard, Miss Weddell and Mrs. Sutman and Mrs. Jenkins of Monongahela; Mrs. Thomas Brown, Mrs. Murphy, Mrs. Gordon of Belle Vernon and Mrs. Albert Walker of Elizabeth.

Miss Frances Estenfelder of Charleroi entertained last evening at her home on Meadow avenue in honor of Mrs. Clark Ford, (nee) Mazie Gee of Monongahela. A three course luncheon was served at 10.30 p. m. and the evening was pleasantly spent viewing the beautiful gifts received by Mrs. Ford and listening to the story of how they stole the wedding march on their friends several months before the announcement of their marriage. The guests were only the most intimate friends of Mrs. Ford. About 20 from Charleroi, Monongahela and Cleveland, O., were present.

The Lady Maccabees gave a very pleasant surprise party Thursday evening to their commander, Mrs. Laura B. Eckels, the occasion being the eighteenth anniversary of her marriage. A large number of members were in attendance. The evening was very pleasantly spent with games and music. The hostess was the recipient of a silver chatelaine bag. Refreshments were served.

The Retail Clerk's Union No. 507 held a very sociable meeting in their lodge room last night, despite the storm. The meeting was addressed by Joseph Valiqutte of San Francisco, Cal., and John Ferry of Charleroi. After the meeting they adjourned to the banquet hall and enjoyed ice cream and cake.

BIG ORDERS FOR MONESSEN MILL

Many big orders for export trade are received at the tin plate works of the American Sheet and Tin Plate company at the Monessen factory. An order for 10,000 cokes, each containing 112 pounds of tin plate has been started in the finishing department of the mill at Sharon and is being rushed. It will be shipped to Japan as soon as it is completed. The outlook is said to be bright for the steady operation of nearly all the mils of the American Sheet and Tin Plate company.

REPUBLICANS WANT A COUNTY CHAIRMAN

Incumbent Issues Call for Convention to Elect Successor

ONLY A FIGUERHEAD

Popular Vote at Primaries Makes Duties Only Perfuntory

For the purpose of reorganization and to adopt a platform for the county campaign, the Republican county committee will meet in Washington, Monday, October 2

Chairman J. Frank McClay and Secretary O. M. Henderson have prepared a call for a special meeting of the committee which under the rules require 10 days notice, and the letters are being sent out. The meeting will be held in the public room of the court house and owing to the interest in the county fight it will probably be the best attended session in many years.

A chairman, secretary and treasurer are to be chosen Secretary Henderson tendered his resignation some time ago, when it was thought that a meeting might be held soon Chairman McClay will probably not be a candidate for re-election, as he does not feel like undertaking the strenuous work of conducting a five weeks' campaign under the new law. Treasurerer Lockhart has not yet announced whether or not he will be a candidate for re-election

Before the adoption of the uniform primary law the county chairman and the organization were the whole thing. The candidates were chosen at the county organization for the express purpose of ratifying the slate selected by the political family which dictated the politics of the county. Although a so-called primary was held for the ostensible purpose of electing delegates, it was a mere farce, as those who attended were the ones who received orders from the organization at the county seat, and the handful that voted were counted the same as the whole vote at the last general election. Sometimes less than a dozen turned out at the primary and voted for the slated delegates to the county convention who were to nominate the candidates for county office, yet if 300 votes had been cast in this precinct at the last general election, the vote of the half dozen faithful was credited as 300 in the election of the slated delegates chosen to do the bidding of the dictators at the county seat

With this system in vogue it was easy to control the nominations and this once done party loyalty and organization usually did the rest Now things are different. The county chairman is a mere figure head, and so far, unless he should make a big personal effort to advance the party interests and enthuse the voters—which none of them have ever done since the primary law went into effect—his efforts are nil. This was manifested at the last general election, where the plan of campaign as conducted by the old regime was followed—that of sending out a few let-

No Games On Sabbath

Sunday Baseball Bring Donora Altogether Too Much Notorietv

Donora will have no more Sunday games if all reports be true. The recent scrap has so aroused the good people of that town that they have risen in arms against this unwarranted and uncalled for desecration of the Sabbath day The people have at last come to realize that Donora is getting little out of the games except notoriety, and letters of protest are pouring in to the authorities of Washington county by the hundred

Acting on the situation, the owners of the park held a meeting recently and decided to forbid any more Sunday games being played

The rumor that an attempt would be made to play Sunday ball in Monessen, commencing with next Sunday is unfounded, or at leastno definite information could be obtained as to the promoters

SHERIFF REFUND?

Westmoreland Official Surcharged With Big Amount

FEE FOR SIDE ISSUE

The case of Sheriff J. E. Shields of Westmoreland county in which he is surcharged by the Controller with $42,000 as a result of an alleged private contract with coal companies during the big strike, has been concluded before Judge McConnell at Greensburg. Shields claims the money was extracted from the coal companies for furnishing deputies which was entirely aside from his official duties as sheriff, while Controller Hitchman maintains that the salary of $6,500 a year is all the compensation due the high official

In the conclusion of the case Attorney C. C. Crowell in argument before the court, maintained that if Shields had not driven a thirty bargain and had gone into debt by handling those deputies, the county would not have paid the expenses incurred by him. But with Shields having made the profit Mr. Crowell declared that though the county holds the sheriff's actions as illegal ones and is unwilling to ratify those acts, it is willing to take the profits of the illegal work. He questioned that disposition on the part of the county.

Attorney Edward E. Robbins followed with an argument in behalf of Shields. He dwelt mainly on the contention that the special contracts with the companies were the only method in the case where Shields appointed the special deputies. Both Mr. Crowell and Mr. Robbins referred to cases held to be similar to the one in court.

Attorneys James S. Beacon and Denna C. Ogden then argued the points advanced by the county.

LOVER IS FAITHLESS; GIRL DRINKS ACID

Unrequited Love Prompts Domestic Who Formerly Lived in Charleroi to Take Her Life At Home In Pittsburg

Disappointed in love, Fannie Dohmoh, 25 years old, who lived in Charleroi a short time after arriving from the old country, a domestic employed at the home of Marcus Aaron, 372 Winebiddle avenue, Pittsburg, drank carbolic acid at 11:30 o'clock Thursday and died a half hour later The girl complained of being ill in the morning and several times Mrs. Aaron had gone to her room On going to the room at 1.30 o'clock, Mrs Aaron detected the odor of carbolic acid and then found the girl writhing in agony on her bed.

Dr. A. J. Hesser was summoned and worked with the girl for some time. He called an ambulance from the St. Francis hospital, but before it arrived the girl was dead The girl had been in this country for two years and for a year and a half had been employed in the Aaron home She is said to be a relative of Mrs Freeda Kiser of 810 Fallowfield avenue with whom she lived while in Charleroi

According to statements made at the Aaron home the girl had been in love with a young man who recently married another woman Since then she is said to have grieved considerably

CONGREGATION TEN YEARS OLD

Lutherans to Observe Anniversary With Special Services Sunday

The celebration of the tenth anniversary of the organization of the Christ Lutheran church of Charleroi will be held on Sunday, September 24. On September 22, 1901, 31 individuals banded themselves together and thus became the charter members in the organization Since that time there have been more than 300 persons united with this church and a grand total of over $25,000 contributed During this time there have been but two pastors Within the ten years 200 children have been baptised, 65 funerals conducted and 35 marriages solemnized. When the organization was effected there was not one dollar to their credit as a church; now they are the happy possessors of one of the best church buildings in the community, including a parsonage, the estimated value of church property being $42,000 This has indeed been a wonderful work.

The celebration of the organization will be held at the 11 o'clock hour of service. At this time a detailed account of the work during the ten years will be given, besides special music by the choir. There will be letters of greetings from those who had a prominent part in the formative work of the church

At the evening service at 7:30 o'clock, will be a service of Story and Song entitled "Where Love is, there God is Also," written by the late Count Tolstoi of Russia. It will prove of unusual interest to all who will be present. The public wil be made welcome at all the services of the day, and all are most cordially invited to be present.

HEBREWS OBSERVE NEW YEAR'S DAY

The Jewish New Year, Rosh Hashanan, which begins this evening at sunset, will be religiously observed by the Hebrews of this community in Bank of Charleroi Hall where solemn services will be conducted this evening, tomorrow and Sunday mornings, for while the New Year's day ends tomorrow evening, by most of the Hefrews Sunday is observed as "second day" The services here will be conducted by Rev. Jacob Hirsch of Jerusalem and Rev. Rubenstein of Pittsburg.

Important Announcement.

This is to inform our patrons and the public of Charleroi and vicinity that the Monessen Laundry company being no longer our agents, have no further right to solicit work in our name. They will misrepresent themselves in doing so As our wagon will solicit, collect and deliver all work, it will be sent to us direct and will enable us to render more prompt and efficient service than ever before. Borough Board Defers Further Selection Until Next Meeting

At an adjourned meeting of the borough school board last evening a contract for furnishing electric motors for the Ninth street school building to take the place of the gas engine were awarded to the Charleroi Foundry and Machine company. Paul T Landis was elected a High School teacher, but the selection of the other High School teacher, as well as a janitor for the Ninth street school building, was held over until the next meeting Dr. T. M. Faddis was in the chair, the other directors present being J. M. Hill, Chas Wallgren and G B. Neelan Ira L Nickeson and D H Glunt were absent.

COAL CENTER MAN HELD FOR COURT

Ralph Woodring, who shot and seriously wounded Charles Giffin Wednesday evening at Coal Centre was held for court pending developments in the shooting which has caused a decided sensation. Giffin's condition is practically the same.

The attending physician announces that he stands a good chance for recovery if blood poisoning does not develop and the bullet did not puncture his left lung. The leaden missile was located lodged against a rib. The condition of the young man, however, is such that it cannot be removed for several days

WILL SHOW HOW TO DESTROY PESTS

Owing to the sudden illness of Cyrus T Fox, inspector and demonstrator for the Division of Zoology, of the State Department of Agriculture, the public Model Orchard meetings advertised to be held on the premises of Henry Mesta, Finleyville, and J. W. Cleaver, Beallsville, on the 19th and 20th of this month respectively, have been postponed one week. These meetings will therefore b held as follows: Henry Mesta, Finleyville, Tuesday, September 26 J. W. Cleaver, Beallsville, Wednesday, September 27.

Improved Highway Will Be Made to W. Va. State Line

State Highway Commissioner E M Bigelow, with his assistant engineer, O. K. Taylor, and nephew, Albert Schultz of Pittsburg, paid his first visit to the western end of the National Pike Thursday After his auto trip to the West Virginia State line he said that he would do all in his power to have the road improved immediately.

Engineers will be at work, and if at all practicable contracts will be let this fall for 12 miles of improvements extending from the West Virginia State line to the present end of the improved road five miles west of Washington This end of the pike practically had become impassable, and was probably the worst section in the State.

TWO ARE DROWNED

Foreigners Rock Boat on River With Usual Results

RESCUERS SAVE TWO

The capsizing of a skiff in the river at Monongahela yesterday afternoon about 4:30 o'clock resulted in the drowning of Steve Sweat and George Hagish Frank Gowach and Joe Vaidal were saved from death through the heroic efforts of Guy Markell and Bert Boyd The bodies of the two men have not been found.

The four men are all foreign miners until recently in the employ of the Jamison Coal company, of near Greensburg. They arrived at Monongahela in the afternoon enroute to Marianna where they were to go to work. Missing the late train to Marianna they journeyed to the river and hired a skiff. All were said to be under the influence of liquor

As they rowed in to midstream, they began to rock the boat The river is unusually high at present and a swell in the current caught the skiff overturning it. All were plunged into the water but in their drunken condition they were unable to battle for life with any success.

Guy Markell and Bert Boyd were standing on the bank at Second street when the skiff capsized. They immediately launched a gasoline boat and started to help the struggling men. Sweat and Hagish sank beneath the waters just as the rescurers arrived. Gowach and Vaidal were able to keep above and were pulled into the boat by Markell and Boyd.

INCONVENIENCE MANY

Seething Rivulets Block Sewers and Flood Basements

Street Force and Individuals Busy Today Clearing Away Flotsam

Whatmight have been termed a gentle autumn shower elsewhere, proved to be a veritable deluge in Charleroi last evening, between the hours of 6 and 7 o'clock So hard and continuous was the downpour while it lasted, that the sewers were entirely inadequate for their requirements The intakes were flooded on the level as well as on the hill, and as a result all the streets for a time were seething rivulets ankle deep in most places.

While no serious damage resulted much inconvenience and annoyance was experienced in all parts of town Cellars and basements were flooded and business in some instances had to be temporarily suspended This was caused either by sewers backing up and overflowing, or by water running in from the streets and alleys Wagon loads of mud were washed down from the unpaved hill streets and the dwellers below realized more fully than ever before the advantages of having all the hill streets paved, which of course is the ultimate object of the borough.

On Meadow avenue, where sewer connections are not of the best to provide for emergencies like this, practically all cellars were flooded. For some time citizens have been making a kick on the inadequacy of sewer facilities, and this morning a number of angry citizens were callers at the borough building to register complaints. St. Jerome's church at the corner of Seventh and Fallowfield, which is in reality the finished basement of their proposed new structure, was flooded with three or four inches of water, as well as the press-room of the Mail building on Fifth street and the basement of J. W. Berryman & Son's department store on Fifth and McKean Several of the barber shops in basements about town were also flooded and had to suspend business

As a matter of course the street car lines were tied up with washouts and blocked by debris washing down on the tracks. Traffic was interrupted for some time until the tracks could be cleared All the down town streets were covered with mud and debris, and today Street Commissioner Hormell and his men are busy clearing it away and opening up the intakes of sewers which were clogged with mud and other flotsam.

Fainted on the Street.

Stephen O'Hearne, a well known glass worker at the Imperial factory, was seized with a fainting fit yesterday afternoon while sitting on one of the benches near the corner of McKean avenue and Fifth street, where he collapsed and fell to the ground. Dr. J. Clive Enos was called and the man was restored to consciousness.

OPPORTUNITY KNOCKS

At a recent meeting of Charleroi business men a discussion was held as to what industries and occupations could be encouraged to locate or operate either in the town or on the outskirts, in order to afford employment and produce needful things for the community. Gardening and fruit raising were discussed and the discussion brought forth the intelligence that much of the fruit that is produced in this section is defective and inferior in quality. The question naturally arose, could it be improvet, and how?

This question is, in a measure answered by an item appearing elsewhere in our news columns. By reference to the same it will be seen that orchard demonstrations will be held by the experts of the State Agricultural Department to show the farmers how to get rid of the pests that infest their orchards and make their fruit inferior. These demonstrationh are practical and efficient, and can be attended with profit by any one. More than that the department at Harrisburg stands ready and willing at all times to give information to assist all fruit growers in improving their products. This is free, and will solve the problem if put into practice. There is no better fruit growing State than Pennsylvania if only the farmers will take advantage of the opportunities that await them.

RECIPROCRITY FAILS

It takes two to make a bargain, and the plan for reciprocity in trade and commerce with our neighbor, Canada, has failed by a rejection of the proposition by a majority of the electors at the polls. After so many years of education and effort on the part of the people of the United States to get the public to adopt the project as a business proposition instead of a political issue, the whole scheme fails because the Canadians reject it just when the American people have been brought to see its advantages.

This adverse decision of the Canadian electors is to be regretted. Freer and wider trade with a nation of the same lineage and habits as ourself could not help but be beneficial to both nations. The Canadians like ourselves for many years past, took the narrow selfish view of the matter, and because many individuals though their immediate interests might be injured made a political issue of it and raised the cry that the United States wanted to annex Canada. The issue of reciprocity in trade with Canada is a large and more important one than the average citizen imagines, and the general advancement and prosperity of both countries is retarded by the rejection of the plan by the Canadian people.

PICKED UP IN PASSING

Speaking of colleges and their bequets and endowments, brought up by some reference to W. and J. College at the county seat, and a recent visitor to Charleroi said:

"Do you know that Girard College, an institution for orphan boys in Philadelphia, is the most richly endowed college in the world? The trustees have so much money derived from the estate which the college owns that they cannot spend it. The college was endowed by the late Stephen Girard, an eccentric Philadelphia merchant, who was a multi-millionaire at an early day. One of the stipulations he made in endowing the college was never to permit a clergyman inside the walls. Consequently if a visitor shows evidence of belonging to the cloth he is politely told he cannot enter.

"I remember on one occasion when I was taking some friends through the college a clerical looking young man applied for admission. He wore a long frock coat and a white tie, and his whole being betokened that of a divinity student.

"'I guess you can't pass here,' said the doorkeeper, sizing the young man up.

"'The h—— I can't!' exclaimed the young man.

"'Pass right along,' said the doorkeeper without any further parley."

"The law in Belgium concerning idle industrial plants is not a bad one after all," said Charles Feste, as he stood talking to a group of men at the railroad station the other day, when the possibility of the Plate Glass factory resuming was the topic of conversation. "In Belgium the government won't permit a plant to shut down just to curtail production, or on account of dull times. Of course it can close for repairs or to remodel, but not for an indefinite time. If it does that the government will confiscate it, and then will probably turn it over to some one who will operate it. The theory is that the opportunity exists for the industry, and that if the original owner can't make a go of it some one else can, and the government undertakes to regulate that part of it by taking the plant over and seeing that it is operated. In that way there is not so much idleness or waste in production as in this country."

Another member of the group remarked that the Pittsburg Plate Glass company some time ago purchased a plant in Belgium, and on one occasion an official said that the plant was worth all it cost even if it never made them any profit, for the example it afforded in the cheapness of production.

Want to Include Charleroi.

Bridge Contractors Busy.

The contractors who will build the new bridge across Maple Creek at the end of McKean avenue at the southern borough line are preparing to begin the work at an early date. A couple of hoisting engines and a quantity of derrick timbers have already been shipped to the spot.

To the Voter.

It is to these people that I make an appeal for the nomination for Treasurer and not to the men who want to gain something "politically," out of it. I have not sought the backing of this or that faction which hopes to control political affairs, or of any man or set of men, who are seeking to gain advantage by a selection to this office. I have gone direct to the voters, to the men who without political influence, or without any deals to make or inducements to offer, vote their honest convictions. I have made a straightforward appeal on my merits and qualifications for this office. BNSINESS IS BUSINESS.

I am, Respectfully Yours,

"Muriel," he exclaimed, waking the night owl from its slumbers, "I cannot understand what you see in me to love!"

The night owl hooted in disgust, and went to sleep again. Even Muriel, as her soft eyes dwelt upon the planet Venus, looked a little disappointed. But she knew he was too earnest to be fishing for a compliment, and she pressed his hand as she dreamily replied:

"Dear Artie! That's what they all say."

C. S. RITCHIE

North Franklin Township

Primaries September 30, 1911. According to Rules of the Republican Party.

A few reasons why! Charles S. Ritchie should be nominated and elected Treasurer of Washington County.

1st. He promises if elected to conduct the office in a strictly business like manner and to be governed according to the laws of the State of Pennsylvania regulating the duties of County Treasurer.

2nd. He has thoroughly qualified himself as to ability and fitness by his work as Deputy Controller in producing and installing a system of bookkeeping in the County Controller's office, by which the taxpayers can learn every day all about the fiscal affairs of Washington County.

3rd. He is not a slated candidate but a candidate of the people and not a slate maker but a slate breaker. Vote for him.

ADDITION BUILT TO LAUNDRY

Monessen Company Adds Cleaning and Dyeing Department to Their Establishment at Great Expense

THEY ARE PROGRESSIVE

Now Rank Among the Leading Establishments of America, Employing 75 People and a Payroll of $2.000

EXPECT GOOD RESULTS FROM NEW SYSTEM

The Monessen Laundry and Cleaning Company this week opened for operation their new dyeing and cleaning establishment which ajoins their laundry building on Donner avenue. In the addition of this new and modern plant Monessen industry has made a distinctive gain, as there has become a great field for this class of work, which has previously been going out of the valley.

The plant is one of the finest in the United States, and is on a larger and more modern scale. than any other of its kind in Pennsylvania. The system is an entirely new one, representing an outlay of several thousand dollars. The company will be able to turn out work of the highest class and with the highest degree of promptness. There is no dyeing and cleaning company in America better fitted for the work than the one located in Monessen.

The new plant gives a floor space of 8800 feet. It is of solid brick and was built by the Motz Lumber company. There are certain sanitary conditions which are important to a cleaning estabiishment and these the company has secured at a very great expense. Messers. W. J. and W. S. Merritt have each spent considerable time viewing plants and visiting manufactories of cleaning machinery in their determination to secure the best and they have succeeded so well that the Monessen plant now ranks with the best in the world.

With the addition of this plant the Monessen Laundry and Cleaning company begins to rank with the establishments whose pay rolls means something to the comunity. Employing twenty-five men and fifty girls its monthly disbursement of wages amounts to $2,000. The business was started six years ago and has perhaps had a more rapid development than any in Monessen. The company has fifty agencies, and is rapidly adding more. The officers of the company are as follows: W. S. Merritt, president, W. J. Merritt, secretary and treasurer; Mrs. G. A. Crotty, superintendent.

THING HE CAN'T DO WITHOUT

His Regular Sleep, and This He Finds He Must Have at His Regular Hours.

"One thing that I find I must have," said a man of mature years, "is sleep, and in order to keep fit and able to work I must not only have my full amount of sleep, but I must have it in my regular sleeping hours.

"When I was a youngster I could go without sleep, or I could take an hour or two at any time of the night and get up the next morning and go at it fresh as a daisy, but it isn't so now. If I cut off an hour or two's sleep now I am dull next day. Not until the next day after that, after a full night's sleep, do I come back all right [illegible] even after my full number of hours of sleep, if these have been begun an hour or two later than usual, with the sleep continued later, I don't feel chipper; I must have my full sleep in my regular hours. I account for this on the supposition that I now have strength enough to keep me going through the day in good shape, just so long and no longer; if I work or sit up later I overtax my strength and so make myself correspondingly overtired; and to recover from this I must come back to my accustomed ways of living."

Great Writer Not Fond of Music.

Dr. Johnson was among those who had no high opinion of music. He admitted that "if he had learnt musick he should have been afraid he would have done nothing else but play," but explained that "it was a method of employing th mind without the labor of thinking at all and with some applause for a man's self." He also confessed that "he knew a drum from a trumpet and a bagpipe from a guitar which was about the extent of his knowledge of musick."

REPUBLICANS WANT A COUNTY CHAIRMAN

(Continued from page one.)

ters and making inquiries—with a result that Governor Tener lost the county by over 600 plurality. It is generally believed in Charleroi and along the river district that this was wholly unnecessary and due entirely to lack of effort on the part of the county organization.

The election a new chairman is merely a matter of form, unless some one is chosen who can inject some personal magnetism into the campaign, and arouse the voters to a sense of party loyalty for future State and National issues. As it is each candidate has had to make his own organization in the county, which is a most expensive proposition and the successful ones will therefore not likely become a "cheerful giver" when called upon to contribute to the maintainance of a county chairman and headquarters. As a matter of fact a chairman cuts no figure in the party contest at the primary, and therefore his services, as well as that of a county convention, are merely matters of form. The voters have the whole say, and political dictation to any extent is now practically impossible.

GRIPS AS MUSCLE BUILDERS

Traveling Salesman Seems to Have Idea Which Might Really Be Called a Good One.

After dinner they were discussing athletics, and each had his favorite method of reducing or building up. The traveling salesman proudly called attention to a remarkable development of biceps which swelled up beneath his coat sleeve.

"Very good, indeed," said the professor, testing with his fingers. "How do you accomplish it?"

"My method is extremely simple and takes no time away from my work. In fact, it is a result. These muscles have been developed by carrying heavily loaded 'grips,' as we usually call our big handbags on the road. I always carry two, loaded as nearly alike as possible, so I shall not grow one-sided. I began with only one grip, and swung it from one hand to the other, as fatigue impelled, but I found that it is actually easier to carry two than one. I am perfectly balanced with two, and I assure you I need no extra gym work for strengthening my arms, shoulders or back. I almost could carry a piano in each hand if the instruments were not so cumbersome."

Announced His Intention.

"And why do you claim that it was with malice aforesaid that the automobilist defendant ran down the complainant?" "On the morning it happened, your honor, I heard him say that he was going to take out his new auto and see if he could not run across a few people he knew."—Houston Post.

Consumption Often Develops From Pneumonia

Consumption readily attacks those who have had Pneumonia. Many sufferers from Tuberculosis give a history of having had Pneumonia. The lungs thus weakened are more easily attacked by the germs that cause Consumption.

For all those with "weak lungs," especially those who have had Pneumonia, Eckman's Alterative is the appropriate remedy. Cures of Consumption are accomplished by Eckman's Alterative. But take it in time. There is no wisdom in waiting until Tuberculosis is established. Health is never fully valued until sickness comes. A remarkable recovery follows: 336 N. 41st St., Phila., Pa.

"Gentlemen: I wish I had known of Eckman's Alterative two years ago. Since taking it, following a bad attack of Pneumonia, I have gained twenty-eight pounds, and I cannot but be very thankful to you and the Almighty for the great blessing and change of health it has brought me."

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. COUNCIL TABLES ORDINANCES

Nortn Charleroi Body to Confer Further on Subject

The North Charleroi council met in adjourned session Wednesday evening with President Schafer in the chair. The other members present were Messrs. Woodward, Rockwell, Nebuling and Gaskill.

One of the first matters taken up was the Lincoln avenue ordinance presented by the Pittsburg Railway company. After some discussion it was tabled until the next regular meeting. The clerk was instructed to publish the ordinance regulating the opening of and making excavations in any of the avenues or paved streets in the borough.

A petition for paving Fourth street was presented by property owners, but was held over until the next regular meeting for investigation. A motion was passed to purchase a carload of 12-inch sewer pipe for making improvements, and bills to the amount of $120 were ordered paid.

IN SOCIAL CIRCLES

Yesterday the spacious home of Mr. and Mrs. Edmund Brown was thrown open to entertain the friends of their daughter, Miss Laura, who together with her parents, will leave next month for their new home at Toledo, Ohio. About 100 ladies were there, some to play bridge whist, others to engage in a social chat and ply their needles at fancy work, and all to enjoy for the last time the cordial hospitality which for 12 years has been dispensed from the Brown home.

Tables were arranged for card playing in the drawing room, library and dining room. All the pretty details in beautifying the rooms were carried out. The flowers were typical of the autumn, and quantities of golden rod, black-eyed susans and wild astors were used. Huge bouquets of hyderanges, potted plants, ferns and palms were added to the attractive floral scheme. The color scheme of yellow and white was carried out in the daintiest of refreshments, including ices, cakes and confections, which were served by Luther, the Pittsburg caterer, and a corps of trained assistants.

In the drawing room the receiving party formed to receive the guests as they arrived. The hostess was assisted by her mother, her sisters Mrs J. Clive Enos and Mrs. W. D. Clevenger and the mother of the latter's husband, Mrs. E. B. Clevenger, who was here from Wilkinsburg to meet the friends of her new daughter-in-law. Beautiful trophies were awarded Mrs. Ida Chandler, Mrs. C. W. Weltner and Mrs. George W. Might for attaining the highest score.

Among the guests from out of town were Mrs. Ida Chandler, Miss Minerva Thomas, Mrs. W. H. Schuyler of Pittsburg; Mrs. A. H. Chandler of Ford City; Mrs. Hough of Masterville; Mrs Harris of Donora; Mrs. C. L. Schuck and Mrs. S. K. Long of Monessen; Mrs. H. C. Daly of Gibsonton; Mrs. Herron, Miss Herron, Miss Wilson, Miss Hazzard, Miss Weddell and Mrs. Sutman and Mrs. Jenkins of Monongahela; Mrs. Thomas Brown, Mrs. Murphy, Mrs. Gordon of Belle Vernon and Mrs. Albert Walker of Elizabeth.

Miss Frances Estenfelder of Charleroi entertained last evening at her home on Meadow avenue in honor of Mrs. Clark Ford, (nee) Mazie Gee of Monongahela. A three course luncheon was served at 10.30 p. m. and the evening was pleasantly spent viewing the beautiful gifts received by Mrs. Ford and listening to the story of how they stole the wedding march on their friends several months before the announcement of their marriage. The guests were only the most intimate friends of Mrs. Ford. About 20 from Charleroi, Monongahela and Cleveland, O., were present.

The Lady Maccabees gave a very pleasant surprise party Thursday evening to their commander, Mrs. Laura B. Eckels, the occasion being the eighteenth anniversary of her marriage. A large number of members were in attendance. The evening was very pleasantly spent with games and music. The hostess was the recipient of a silver chatelaine bag. Refreshments were served.

That's the Question.

Mrs. Bacon—Look here! As true as I'm alive, there's a hair on your coat! Mr. Bacon—It's only a cat hair, my dear.

"I have no doubt. Who was the 'cat,' please?"—Yonkers Statesman.

CLERKS HOLD SOCIAL SESSION

The Retail Clerk's Union No. 507 held a very sociable meeting in their lodge room last night, despite the storm. The meeting was addressed by Joseph Valiqutte of San Francisco, Cal., and John Ferry of Charleroi. After the meeting they adjourned to the banquet hall and enjoyed ice cream and cake.

BIG ORDERS FOR MONESSEN MILL

Many big orders for export trade are received at the tin plate works of the American Sheet and Tin Plate company at the Monessen factory. An order for 10,000 cokes, each containing 112 pounds of tin plate has been started in the finishing department of the mill at Sharon and is being rushed. It will be shipped to Japan as soon as it is completed. The outlook is said to be bright for the steady operation of nearly all the mils of the American Sheet and Tin Plate company.

A Little Conversation

Said the Shoe to the Stocking,
"I'll make a hole in you,"
Said the Stocking to the Shoe,
"I'll be 'darned' if you do."

No darning needed with our shoes. They don't make holes.

Said the Tree to the River,
"I'll fall into you,
Said the River to the Tree,
"I'll be 'dammed' if you do."

Dam your feet in our Shoes, and be comfortable.

Said the Fellow to the Girl,
"I'll put my arm around you,"
Said the Girl to the Fellow,
"I'll be 'held' if you do."

You can hold tighter, if you stand in our shoes.

Another Story.

"What did you do when your husband told you the old, old story?" "I told him to shut up before he was half through!" "Why, what a funny way to reply to a confession of love!" "Oh, is that what you mean? I thought you meant the story he told last night when he came home from a time with the boys."

Worth Remembering.

"Remember, brethren," said the good man, as he closed the Bible and gently shook a forensic finger at his hearers, "there are no steam whistles in heaven, and no angel is going to get into trouble for twanging a harp overtime."
